

## BADGE SESSIONS

We offer enriching badge sessions designed to help group leaders introduce an Activity Badge. These hands-on sessions are brought to life with activities relating to the natural world using bio-facts (skulls, skins and stuffed specimens), and up to three live animals. Functional skills are embedded throughout our sessions.

**Detailed below are the exciting range of badge sessions that we offer. All lessons last 45 minutes.**

### **Beavers - Animal Friend Activity Badge**

From the tiny ant up to the elephant, all animals need to be cared for. Join us at the Safari Park for a fun and engaging introduction into how to care for animals. It encourages children to show awareness and empathy for all living things through practical activities and games. In this session, children will learn how to best care for animals and will be able to put this into practice as they meet some of the Park's smaller, friendly animals. The skills and knowledge the children will gain during the session will give them a head start in working towards their Animal Friend badge!

### **Cubs - Animal Carer Activity Badge**

From the tiny ant up to the elephant, all animals need to be cared for. Join us at the Safari Park for a fun and engaging introduction into how to care for animals. It encourages children to show awareness and empathy for all living things through practical activities and games. In this session, children will learn how to best care for animals and will be able to put this into practice as they meet some of the Park's smaller, friendly animals. The skills and knowledge the children will gain during the session will give them a head start in working towards their Animal Carer badge!

### **Scouts - Environmental Conservation Activity Badge**

Work with the Safari Park to help us improve our local community! Find out about the variety of ways in which we care for our environment and learn about the importance of protecting animals and their homes. Join us to discuss ways you can help your local community and make a positive impact on your surroundings. The skills and knowledge the children will gain during this session will give them a head start in working towards their Environmental Conservation badge!

## **Brownies - Friend to Animals Badge**

From the tiny ant up to the elephant, all animals need to be cared for. Join us at the Safari Park to discover how we look after our animals and why Safari Parks like WMSP play an important role in protecting endangered animals. Children will also learn the best way to care for animals and will be able to put this into practice as they meet some of the Park's smaller, friendly animals. The skills the children will learn during the session will give them a head start in working towards their Friend to Animals badge!

## **Guides - Animal Active Badge**

Join us at the Safari Park to discover how we look after our animals and why Safari Parks like WMSP play an important role in protecting endangered animals. Children will also learn the best way to care for animals and will be able to put this into practice as they meet some of the Park's smaller, friendly animals. The skills the children will learn during the session will give them a head start in working towards their Animal Active badge!
